

Curriculum Vitae

BATISTELLA Gérard

CURRENT POSITION

Name of company
Aéroports de Paris

Job position
Director of the Single European Sky Unit

PROFESSIONAL BACKGROUND

More than 30 years in the aeronautical activities, Mr Batistella is in charge of the Single European Sky Unit of Aéroports de Paris Group (ADP) since 2012. He is working on the European Regulation's impact analysis and the establishment of SESAR technological projects related to all ADP airports. Coming from the French navy aviation as officer, air crew member, Mr Batistella took then responsibility in the Air Navigation Service Provider at the Direction of Paris Region as an aeronautical infrastructure and system project manager. Thereafter, he integrated Paris-CDG Airport as the general manager of airside facilities.

Mr Batistella has taken part at several SESAR projects since 2008 related to the airport capacities and throughput, safety net and network functionalities and for several international ATM projects around the world (Asia, Africa and Middle East).

Member of SEAC consortium in the SESAR Joint Undertaking, Gérard Batistella chairs the Supervisory Committee of the SESAR Related Deployment Airport Grouping (SDAG) under SESAR's Deployment.

EDUCATION AND TRAININGS:

Mr Batistella graduated of the Naval School, National School of the French Civil Aviation and Montpellier Law University. He speaks fluently French and English.
