

Curriculum Vitae

MARTIS Guenter

CURRENT POSITION

Name of company

CANSO

Job position

Director European Affairs since 2009

PROFESSIONAL BACKGROUND

Guenter Martis represents the needs and interests of 30 European Air Navigation Service Provider Organisations towards European and international institutions, such as the European Union, EUROCONTROL, ICAO and others, including the main aviation stakeholders.

Previously, Guenter worked as the General Manager Technical and Operations with the AEA. Later on, he was appointed as IATA Director Europe for Safety, Operations and infrastructure.

Guenter Martis gained his aviation experience starting in 1977 with the Austrian Airlines Avionics Engineering, dealing with a wide variety of aircraft systems and components. He was later promoted as Manager of Avionics Engineering and as such, was involved in avionics systems development and standardization, linked to the AEEC and RTCA activities. Finally, he was appointed as Manager Aircraft and Fleet Development before switching to the international scene in Brussels in 2004.
