Solution scenario

Quotes

« Very promising...! »
ATCO, Geneva Exercise run

« I didn't manage to fake the machine! »
ATCO, OPS validations

« I'm neither technical nor operational and I understood what you've done »
Open Day, Geneva

« *ATCO*: - I was too busy. Can we run the same scenario again but with the solution this time ?
- *Technical*: - We ran it this morning and you didn't say anything»
Feedbacks, Geneva Exercise run
