Lot 1 - Security related services: guarding

and

Lot 2 - Security related services: monitoring of alarm, intervention on premises and maintenance of security systems

Dear Madam/Sir,

The SESAR Joint Undertaking, referred to below as the contracting authority, is planning to award the contract(s) resulting from the above procurement procedure. The procurement documents consist of the contract notice, this invitation letter, the draft contract(s) and tender specifications with their respective annexes. All documents are available at the following TED eTendering website:

Economic operators interested in this contract are invited to submit a tender in one of the official languages of the European Union.

1. Submission of tenders.

Tenders must be submitted exclusively via the electronic submission system (eSubmission) available from the above website and accessible on the Funding and Tenders Opportunities portal (F&T portal). Tenders submitted in any other way (e.g. e-mail or by letter) will be disregarded.

In order to submit a tender using eSubmission, economic operators (each member of the group in the case of a joint tender) will need to register in the European Commission’s Participant Register - an online register of organisations participating in EU calls for tenders or proposals. On registering each organisation obtains a Participant Identification Code (PIC, 9-digit number) which acts as its unique identifier in the above register. Instructions on how to create a PIC can be found on https://webgate.ec.europa.eu/fpfis/wikis/x/sYXylg. Economic operators already registered in the Participant Register shall reuse their existing PICs when preparing tenders in eSubmission.

The time-limit for receipt of tenders is indicated under Heading IV.2.2 of the contract notice where local time shall be understood as local time at the contracting authority’s location (the location indicated under Heading I.1 of the contract notice).

1 Subscription to the call for tenders at the above link allows interested economic operators to receive e-mail notifications when new information or documents are published. Subscription is free of charge and does not involve any commitment to submit a tender.
2 For detailed instructions on how to submit a tender please consult the eSubmission Quick Guide available at: https://ec.europa.eu/info/funding-tenders/opportunities/docs/esubmission/quickguidepp_en.pdf. The supported browsers, file types, size of attachments and other system requirements can be consulted at: https://webgate.ec.europa.eu/fpfis/wikis/x/QoSk1. In case of technical problems, please contact the eSubmission Helpdesk (see contact details in the eSubmission Quick Guide) as soon as possible.
3 https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/home
4 https://ec.europa.eu/info/funding-tenders/opportunities/portal/screen/how-to-participate/participant-register
A tender received after the time-limit for receipt of tenders will be rejected. The submission receipt provided by eSubmission with the official date and time of receipt of the submission (timestamp) constitutes proof of compliance with the time-limit for receipt of tenders.

Tenderers must ensure that their submitted tenders contain all the information and documents required by the contracting authority at the time of submission as set out in the procurement documents.

The Declaration(s) on Honour on exclusion and selection criteria (template available in the tender specifications) shall be dated and signed, either by hand or by applying a qualified electronic signature, by an authorised representative of the signatory.

When the Declaration(s) on Honour is/are signed by hand, a scanned copy must be attached to the tender in eSubmission. The hand-signed original(s) must be sent by letter to the contracting authority’s postal address specified under Heading I.1 of the contract notice at the latest on the first working day following the electronic submission of tender. The envelope, clearly mentioning the reference to the call for tenders and the eSubmission ID of the tender must be marked as "CALL FOR TENDERS REF. SJU/LC/0159-CFT – NOT TO BE OPENED BY THE INTERNAL MAIL DEPARTMENT". Only the original(s) of the Declaration on Honour are to be sent by letter, not other documents.

After submitting a tender, but before the deadline for receipt of tenders, a tenderer may definitively withdraw its tender, or withdraw it and replace it with a new one. A withdrawal receipt will be provided by eSubmission as proof of withdrawal.

All costs incurred for the preparation and submission of tenders are to be borne by the tenderers and will not be reimbursed.

2. Legal effects of the invitation to tender and submission of a tender.

This invitation to tender is in no way binding on the contracting authority. The contracting authority’s contractual obligation commences only when the contract with the successful tenderer is signed by both parties.

Up to the signature of the contract the contracting authority may cancel the procurement procedure without tenderers being entitled to claim any compensation. Any such decision must be substantiated and tenderers notified.

The validity period of the tender, during which tenderers may not modify the terms of their tenders in any respect, is indicated under Heading IV.2.6 of the contract notice.

---

5 If no submission receipt is received in reasonable time after submission, please contact the eSubmission Helpdesk (see contact details in the above referred eSubmission Quick Guide) as soon as possible.
6 A submitted tender can be withdrawn directly in the "Procurement/My Submission(s)" area in the F&T Portal. For detailed instructions on how to withdraw a tender please consult the above referred eSubmission Quick Guide.
7 To submit a new version, the tenderer must create a new tender in eSubmission and include all the information and documents required in the procurement documents with the submission of a tender, even if some of them have already been included in the replaced tender.
Submission of a tender implies acceptance of all the terms and conditions set out in the procurement documents and, where appropriate, waiver of the tenderer’s own general or specific terms and conditions. The submitted tender is binding on the tenderer to whom the contract is awarded for the duration of the contract.
