

Meeting: Information Day “Performance of a study on ATM performance Model and supporting methodology” ref SJU/LC/0085-CTR

Date: 21/11/2012

Time: 09:00 – 12:30

Present: SJU and PRU representatives, tenderers

- 1 Presentation of the participants to the Information Day**
- 2 Peter Hotham, Deputy Director Operations & Programme Chief Technology & Innovation, SJU, introduced the launched call**
- 3 Xavier Fron, Head of the Performance Review Unit, presented the “SES Performance scheme”**
- 4 Patrick Mana, SJU Programme Manager, presented the performance target work currently undertaken by the SJU**

Several projects within the SJU programme deal with performance. In principle there are two categories: projects like for example B.4.1 and 16.6.6. that deal with setting the framework and projects like 16.6.5 that deal with single performances, and 16.01.01 dealing with safety targets - more information to be found at www.sesarju.eu
- 5 Xavier Fron, Head of the Performance Review Unit, presented the outputs from the “Total Economic Value (TEV) Symposium)**
- 6 Q&A**

Note: all the presentations and the Q&A are available at <http://www.sesarju.eu/about/procurement>
