1 Introduction - What do I need to know?

1.1 What is SESAR?

The **Single European Sky Air Traffic Management Research and Development** (“SESAR”) project aims to modernise the air traffic management (ATM) in Europe and represents the technological pillar of the Single European Sky (SES). It aims to provide the European Union with a high performance air traffic control infrastructure, which will enable the safe and environmentally friendly development of air transport.

1.2 What is the SESAR Young Scientist Award?

The **SESAR Young Scientist Award 2020** (YSA 2020) aims to recognise young scientists with high potential contributing to the scientific research in the field of air traffic management and aviation. In addition, the award also provides a mechanism for further personal development.

The SESAR Young Scientist Award is a financial reward of the individual scientific achievements. This financial contribution or “Prize” will be awarded following a public contest.¹

The SESAR Young Scientist Award 2020 is published and managed by the SESAR Joint Undertaking (SJU) and the result will be announced at its **SESAR Innovation Days** (SIDs) event, which is the main forum for dissemination of SESAR Innovative Research results and for interaction with the wider ATM research community and industry representatives.

NB: the present Contest is NOT a PhD or similar study funding programme².

The (up to) three short-listed Applicants of the Young Scientists Award will be invited to attend the SESAR Innovation Days 2020. The SJU will reimburse the short-listed Applicants attending the SIDs for their travel and accommodation costs related to the attendance for the entire duration of the SIDs event.³

The winner will be publicly announced at the “**SESAR Innovation Days**” that will take place in Hungary at Budapest in December 2020.

The winner will receive a prize of EUR 5000.

The (up-to) three short-listed Applicants will receive:

- a symbolic trophy,
- the opportunity to present their research at certain high profile SESAR events;

Under this contest, “Application” means a submission of an application by a participant for the SESAR Young Scientist Award 2020 and “Applicant” means a young scientist competing for the prize under the terms of this contest.

² The SJU is not an educational establishment, but a European Union body within the meaning of Article 187 of the Treaty on the Functioning of the European Union and set up by Council Regulation (EC) No 219/2007 of 27 February 2007, as amended by Council Regulation (EC) 1361/2008 of 16 December 2008, and further amended by Council Regulation (EU) No 721/2014 of 16 June 2014.
